# Interpreter

If your first language isn't English, you may need an interpreter or translator to help you understand what is being discussed. The use of a friend or a family member is not desirable. This is particularly important if you are having an assessment or receiving medical advice regarding a personal matter.

This surgery provides an Interpreter service so if you need one please speak to our Receptionist in advance of your appointment so that this can be arranged.

Thank you

Kerrie Naish

Practice Manager
